

YOU

CAN MAKE A DIFFERENCE

The work of the Global Medical Relief Fund is made possible by generosity in many forms, from corporate and individual philanthropy to the quiet volunteering and on-going donations made by families and community members.

Ways to donate

- Check, Money Order or Wire Transfer
- Stocks and Bonds
- Gift Cards
- International Phone Cards
- New (Unworn) Clothing
- Combined Federal Campaign (CFC) #49977
- Host a Fundraising Event
- A Sports Sponsorship

DID YOU KNOW?

Many companies are now partnering with non-profit organizations to give back to those in need. If you work in the corporate world (or know someone who does), ask if GMRF could be considered for a partnership program, matching funds or a sponsored charity.

HELP MAKE

miracles ↓ HAPPEN

The Global Medical Relief Fund provides access to medical treatment and surgeries in U.S. hospitals. We help amputees, burn victims and children injured by war, accidents and disasters at no cost to them or their families, relying totally upon donor support.

GMRF children receive medical treatments, surgeries, physical therapy and prosthetic limbs and eyes, as well as housing, meals and transportation, at no cost. They receive follow-up care until age 21.

The Global Medical Relief Fund relies 100% on contributions and donations. With your help, we can provide life-changing treatments and rehabilitation to children in need. Donations are tax-deductible to the extent allowed by law.

Helping restore the broken lives of injured youth with healing and dignity

One Child At A Time...

Our mission

The Global Medical Relief Fund is committed to bringing hope, healing and life-changing help to otherwise resourceless children – many of whom are amputees or have been blinded or disfigured – who have been severely injured, burned or maimed due to the atrocities of wars, natural disasters, physical impairments, accidents or illness.

What greater mission is there than helping innocent, victimized children who are crying out for help and who have no one else to turn to?

Our mission is to assist these children to mend and heal in both body and spirit so that they can return to their families and homes, and grow up to become productive, self-sufficient members of their own communities.

How we do it

Since its inception, GMRF has helped children from the U.S. and over 30 countries in Latin America, the Caribbean, Europe, Africa, the Middle East and Asia.

In response to pleas for help and by using contributions and donor funding, GMRF arranges for government permission documents, visas, passports, airline tickets and meals for the child and one parent or legal guardian. In addition to coordinating their timely access to medical and therapeutic treatments, and surgeries in the United States with doctors, nurses, clinics and prosthetics companies, hospitals and other partners-in-effort, GMRF also provides daily care in the form of lodging, transportation to and from treatments, meals, clothing and necessary living expenses. Since children grow and usually require additional treatments, including fittings for new prosthetics, GMRF children receive follow-up care until the age of 21 at no cost to them or their families.

Our Partners-in-Effort

Our impact

30+

countries including the U.S. where we are currently providing help to children.

1,100

and counting. Procedures performed by our doctors at no cost to children and their families until they are 21 years of age.

90%

of disabled children without proper treatment in the developing world will never have the opportunity to access education, employment, marriage or live a self-sufficient life.

106

million of the world's children suffer from moderate to severe disability.

Our footprint

GMRF's scale of treatment is highly personal. We know every child and his or her mother or father or guardian by first name. GMRF and its partners welcome and care for injured children with the warmth, love and personal attention that can only be found in a family. Every child helped by GMRF becomes an "ambassador" who can return home not only with a healed, mended body and a new spirit of hope for life, but also an experience of "America's best" thanks to the support of GMRF, its donors, benefactors, partners and community volunteers.

Get involved

From volunteering to getting your workplace behind sponsoring a child's treatment, there are many opportunities to join our mission and transform lives.

Host a fundraiser, run a marathon, present a school play, organize a penny harvest or simply have a casual Friday at your workplace.

You can always **GET SOCIAL**. Whether through Facebook, Twitter, or Instagram, you can find ways to connect with us, as well as quickly share information with your friends and family. It's the easiest way to spread the word and help change lives!

Not sure what kind of campaign to start? No problem, contact us at (718) 448-6984 or via e-mail info@gmrfchildren.org and we will help you.
